Walking route

1. Start at the main entrance to Winslade Manor.
2. Turn left and follow the walking path that leads towards the Cricket Pitch
3. Walk around the cricket pitch away from Winslade Manor towards the far tree line.
4. Continue along the perimeter where you can cut through the tree line at the north-east corner of the green.
5. This opens up into a lovely small meadow, head towards the old tennis courts.
6. Pass the tennis courts on your right and follow the trail that leads around the back of the car park.
7. Take a right into the car park before you reach an old barn. Follow the edge of the car park and head towards the beautiful Clyst St George Church.
8. Passing the church on your right, you can follow a woodland walking trail which passes Clyst House on your left.
9. This walking trail will lead you to a river, at the bridge you can cut your walk short by turning right and following the flow of the river to the finish, or you can continue your walk through the meadow.
10. Cross the bridge into the meadow, this path leads to a gate into an open field.
11. For a slightly longer walk you can go around the whole perimeter of the field, or you can follow the path as shown through the middle.
12. When you reach the gate on the other side of the field, turn right and follow the trodden path around the perimeter until you get back to the gate you entered in.
13. You can now walk back through the meadow, towards the bridge. Cross back over the river and turn immediately left, follow the flow of the river.
14. Continue to follow the river as you pass Brook House and The Vault Gym on your right.
15. This path will lead you back to the Purple Car Park. Feel free at this point to head to Winslade Manor or The Cellar Bar for a well earned refreshment.
